A PRESCRIPTION DECISION

If you knew that the recovery of some sick friend depended on the strength and purity of certain drugs or on the accuracy of their compounding, what points would you consider when deciding where to take a prescription?

The essential requirements, we think, are these, and all of them apply to this store.

Drugs are sure to be freshest where trade is largest. Stock is sure to be best where physicians go to buy. Remedies are most reliable where standardized and assayed drugs are used. Compounding will be most accurate where the prescriptionist has had greatest practical experience.

Chap Eradica

The kind we manufacture in our own laboratory is what we recommend so highly for chaps.

A few applications to the hands and face will expel the chaps and roughness and make the skin smooth and soft.

It contains no oil or fat matter and is absorbed freely by the skin, making it very pleasant to use.

Chap Eradica will do everything we claim for it. We make it ourselves and know the ingredients.

When You are Bilious

It is a sign that your liver is out of order, and the poisonous bile, instead of being excreted from the body through the intestines, is taken up in the blood. As a result, or biliousness the entire system suffers. There are gripping pains in the abdomen, headaches, dizziness, constipation, pain in the right side, and the skin becomes sallow and yellowish, rough and itchy. Take a California Prune Wafer after each meal, and in a short time your liver will be performing its proper function, driving the bile from the system. Use nothing but California Prune Wafers—no other medicine is necessary.

California Prune Wafers do the work without the slightest pain, griping or nausea. They produce natural and easy movement of the bowels, are easy to take, pure and healthful.

California Prune Wafers, if taken as directed, will positively cure the most obstinate case of indigestion, Torpid Liver, Constipation, Biliousness, etc., so as to stay cured. 100 Wafers 25 cents.

OUR HOME INSTITUTION

THE WHALEY MILL AND ELEVATOR COMPANY.

Just a Passing Word About Their Business — New Equipments Necessary to Cater to The Public Demand.

The Whaley Mill and Elevator Co. has just installed a modern dynamo, 7 1/2 kilowatts, which has a capacity to furnish 125-25 candle power. A representative of the Ardmoreite was shown through the mill yesterday by Secretary Gwyn. The mill, elevator and office are now lighted with electric lights which will prove of great advantage in the operation of the mill at night. It was stated that a night crew would be put on shortly and that the institution would run both day and night unceasingly. The business of the company has increased so steadily of late that these improvements were needed to meet the demands. Few mills are more thoroughly equipped than this one. Of late the most improved machinery has been installed and the company plan further improvements. Thousands of dollars were spent during the past year in additions. The new elevator which was completed during the past summer now gives the mill a capacity of 100,000 bushels. The old elevator had a capacity of 50,000 bushels. It can be seen that the capacity has been doubled.

It would be amazing to state that the institution will soon have a capacity of 500 barrels of flour per day. Mr. Gwyn has always favored making improvements wherever necessary.

Recently the company installed an electric flour bleacher. Through an electrical process flour can be made as white as it is possible to make it. The bleacher can change the color of the flour almost instantaneous. Mills have striven for years to hit upon a plan that would thus change the appearance of flour from yellow to white. Heretofore the flour would be stored until by nature it would cast off the yellow appearance. But the bleacher does away with this delay and all mills, it is said, are using the process with success.

The company is shipping carloads of goods all over the territory and Oklahoma. Orders from many sections of the southwest are uncommon. This would indicate that the flour, meal, etc., are giving almost satisfaction. The Whaley people are patriotic to say the least, for they are manufacturing a brand called "The New State." The sack has a picture of an immense star and underneath the words, "The New State" are inscribed.

The Ardmoreite trusts that the company will merit still greater success. The officials of the company are clever gentlemen and are pleasant to deal with.
